

CREATING A OPENWEATHER MAP

Date	06 NOVEMBER 2022
Team ID	PNT2022TMID48245
Project Name	Signs with Smart Connectivity for Better Road Safety

The screenshot shows the OpenWeather website interface. At the top, there's a navigation bar with the OpenWeather logo, a search bar, and various links like Guide, API, Dashboard, Marketplace, Pricing, Maps, Our Initiatives, Partners, Blog, For Business, and Support. A green notice box in the center says "Signed in successfully." Below the navigation bar, there's a section titled "Historical weather for any location" with a large image of a sunset. The text describes the "Time Machine" technology and lists features: historical weather data for any coordinate and data depth extended to 40 years. It also mentions that data can be downloaded from a personal account or by contacting them. Two buttons, "Learn more" and "Go to purchase", are visible at the bottom of the section. The Windows taskbar at the bottom shows the date as 18-11-2022 and the time as 00:02.
