

CREATING IBM WATSON IOT PLATFORM

Date	06 NOVEMBER 2022
Team ID	PNT2022TMID48245
Project Name	Signs with Smart Connectivity for Better Road Safety

The screenshot displays the IBM Watson Developer Dashboard in a web browser. The browser's address bar shows the URL `cloud.ibm.com/developer/watson/dashboard`. The dashboard features a dark sidebar on the left with the 'IBM Cloud' logo and a search bar. The main content area has a top navigation bar with 'Catalog' and 'Manage' tabs, and a user profile for 'SANTHIYA JINTHAN'. Below this, there are promotional banners for Watson Assistant and Watson Knowledge Catalog. A central section titled 'All services' includes filters for 'Improve customer experience', 'Own the AI Lifecycle', and 'Infuse AI Capabilities'. Four service tiles are visible: Watson Assistant (with a description 'Provide customers with fast,'), Watson Studio (with a description 'Build, deploy, monitor, and'), Watson Discovery (with a description 'Surface answers and insights'), and Watson Knowledge Catalog (with a description 'Collect, prepare, enrich, and'). A Windows taskbar is visible at the bottom, showing the search bar, taskbar icons, and system tray with a temperature of 27°C and date 16-11-2022.
